## PROFESSIONAL SUMMARY

Passionate Software Engineer with 1 year of experience in full-stack development, API integration, and database management. Skilled in .NET, Angular and SQL with strong debugging, testing, and problem-solving abilities. Focused on delivering efficient, scalable and high-quality software solutions.

## EDUCATION

Master of Computer Applications (MCA) – with Honors

Dr. A. P. J. Abdul Kalam Technical University | Nov 2022 – July 2024 | CGPA: 7.92

## TECHNICAL SKILLS

**Programming Languages:** C#, Python, C, JavaScript, HTML, CSS, SQL

**Frameworks & Technologies:** ASP.NET, .NET Core, MVC, Entity Framework, Angular, REST APIs

**Databases:** SQL Server, MySQL

**Tools & Platforms:** Visual Studio, GitHub, Azure

**Testing & Debugging:** xUnit Testing, Manual testing, Debugging

**Soft Skills:** Communication, Teamwork, Project Management, Problem Solving

## EXPERIENCE

**Software Trainee | Innvolution Healthcare Pvt. Ltd. | Jan 2025 – Present**

- Developed and maintained RESTful .NET Web APIs using C# and SQL Server.
- Built and optimized responsive front-end components in Angular integrated with backend APIs.
- Collaborated with cross-functional teams following Agile practices.
- Gained exposure to real-time data handling and deployment processes in healthcare applications.

**Full Stack Web Developer Intern | Bharat Intern | Oct 2023 – Nov 2023**

- Built and integrated front-end and back-end features using PHP, JavaScript, and MySQL.
- Implemented user authentication, content management, and dynamic rendering.

## PROJECTS

**Real-Time System Diagnostics Service (RTSDS)**

- Developed a web-based diagnostic platform to remotely identify and resolve technical issues in Cath Labs.
- Utilized .NET (C#), Angular, Entity Framework, and SQL Server to build a full-stack solution.

**Master Release Detail**

- Developed a C# and .NET-based desktop utility to automate version comparison and validation of release files for multiple models and variants.
- Integrated file size, version, and timestamp checks using Entity Framework and LINQ queries.

**Heart-Link – Dating Web Application**

- Built a feature-rich dating platform using ASP.NET, C#, Entity Framework, and SQL Server.
- Implemented secure user authentication, profile creation, and real-time messaging.

## CERTIFICATIONS

- Full Stack Web Development – Microsoft
- Build an App with ASP.NET Core – Udemy
- Software Manual Testing - Udemy

## LANGUAGES

English, Hindi
